Item No. 16 – CONCRETE CURB & GUTTER PLACEMENT

Approx. Quantity
100 to 1000 LF

Construct New Curb and Gutter
(Excavation Not Included) \$ _____/LFT

DESCRIPTION

The work shall include placement of new concrete curb and gutter at various locations throughout Midland County. The Contractor will construct the new curb using 3500 pound per square inch concrete and reinforced per M.D.O.T. standard plans. The curb will match the existing predominant style of curb in areas with curb and gutter. All other areas shall be constructed as per M.D.O.T. Detail B2 and F4. The Curb shall be coated with white pigment curing compound.

The work is to include all labor, equipment and materials required to complete the project.

The undersigned bidder, having become familiar with the local conditions affecting the cost of the work, proposes and agrees to furnish all superintendence, labor, materials, tools, water, power, transportation and other means of construction necessary to complete in all respects the proposed item of work for the Midland County Road Commission at the prices stated.
