## PRESS RELEASE

---

**- FOR IMMEDIATE RELEASE -**

**DATE:** May 17, 2018  
**FROM:** Terry Palmer, Managing Director  
**SUBJECT:** MCRC Receives Additional Funding

The Midland County Road Commission would like to thank our Local Representatives Gary Glenn and Roger Hauck, and State Senator Jim Stamas for their support in passing Public Act 82 of 2018. Their assistance, along with our other State Representatives and the Governor, provided over \$640,000 in additional funding for road construction this year in Midland County.

We then partnered with our local townships which added additional matching money for the local roadways. The total investment will be over \$932,000 for additional road construction in Midland County. A detailed list and map are attached for further information.

The complete 2018 road construction program is available on our website at [www.midlandroads.com](http://www.midlandroads.com). Go to the construction tab/construction activity/2018 construction and all the projects are available to view.
