## PRESS RELEASE

---

### - FOR IMMEDIATE RELEASE -

**DATE:** November 2, 2018

**FROM:** Terry Palmer, Managing Director

**SUBJECT:** Midland County Road Commission and Townships maximize investment of additional transportation funding

The Midland County Road Commission would like to thank Governor Rick Snyder, State Senator Jim Stamas and State Representatives Gary Glenn and Roger Hauck for their hard work in obtaining \$1,096,412.02 of additional transportation funding for 2019 road and bridge construction projects in Midland County. These additional transportation funds reflect Midland County's portion of the \$300 million dollars of extra funding provided in the approved FY 2019 State of Michigan Budget.

Midland County Road Commission has partnered with all 16 Midland County Townships in order to maximize the impact of this additional funding. A portion of the funding has been allocated solely for additional local road construction projects in each township. Township officials have been working closely with road commission staff to review local road conditions in order to select construction projects that will best serve township residents.

The remaining portion of the funding will be used for road and bridge construction projects that are necessary due to massive infrastructure damage incurred during the June 2017 flood event. These additional funds will help to provide some of the required local matching funds needed to fully utilize both the state and federal relief funding that we pursued and were able to secure. These construction projects are located on both local and primary county road networks.

Our strong partnership with the Midland County Townships and the use of sound asset management principles have enabled this additional transportation funding to provide a total investment exceeding \$4,536,359.08 for additional 2019 road and bridge construction projects in Midland County.

A detailed construction project list and map are attached. Please note that some township local road projects are still pending final approval and are not reflected herein.

The complete 2019 Road Construction Program will be available in Spring 2019 and will be posted to the following webpage: <http://www.midlandroads.com/2019>

## 2019 Additional Transportation Funding Project List - Midland County Road Commission

### 2019 ADDITIONAL Local Road Construction Projects

Identifier	Road Name	Construction Activity	Township	Section	From	To	Estimated Cost
SH19020	Sherman Street	Overlay - 2" + Wedging	Edenville	1	Water Rd	Towerline Rd	\$ 27,222.65
BA17020	Badour Road	Overlay - 3" + Wedging	Homer/Midland	36	Stewart Rd	Gordonville Rd	\$ 77,706.07
AD19010	East Adams Road	Reconstruction	Hope	16	Meridian Rd	5 Mile Rd	\$ 151,677.11
PA19020	S Patterson Road	Overlay - 1-1/2" + Wedging	Ingersoll	19-33	Tittabawassee Rd	Laporte Rd	\$ 248,192.66
MI19010	W Mier Road	Reconstruction	Jerome	2, 11	Mier Rd	River Rd	\$ 76,509.78
BA19020	S Bay-Midland Line Road	Overlay - 1-1/2"	Larkin	36	Wackerly Rd	Letts Rd	\$ 110,945.05
